Kodiak Fisheries Co.,
416 Lowman Building,
Seattle, Wash.

Gentlemen:

Referring to your report of fishery operations at Kodiak, Alaska, in 1917, it is noted that the gas boat Ella M has not been listed, unless the same was included with "launches and power boats" under unregistered vessels where you have indicated 3 such boats valued at \$3,000. Please advise as to the rig, net tonnage and value of the Ella M and also whether or not it was one of the 3 boats referred to above. The necessary corrections of your report will then be made.

It is further noted that you packed 3,786 cases of $\frac{1}{2}$ -lb. cans of salmon. Did these cases contain 48 or 96 cans each?

Very truly yours,

H. M. Smith.

Commissioner.
